

With all modern technologies, the world gets smaller every year. Despite that, local representation is often a way to ensure quick delivery and response times, which can be crucial for your process. Down time is limited to a minimum with the support of a good agent, providing first line service and local stock of key spare parts and consumables.

## Hatenboer-Water Asia Pte Ltd

Since many new builds and retrofits take place in Asia, and our wish to provide expert guidance in these projects for both shipyards and end-users, we have our fully stocked subsidiary in Singapore. Here you can also apply for services and sampling.

In addition to the Hatেনboer-Water offices in **The Netherlands** and **Singapore**, Hatেনboer-Water agents are located in Australia, China, GCC Countries, India, Malaysia, Norway, South Korea, Turkey and the United Kingdom.
